

The Pioneers Academy Learn-Grow-Scale

Achieve Your Three-Year Goal in One Year

In short, **'we get in the kitchen and cook with you.'** A unique concept of Collaborative Coaching is applied at every mastermind held twice a month, and during The Weekly Sprint™ in between the masterminds and workshops to scale to the next level in one year.

Here's what you will receive in Every Mastermind/ Workshop ...

10 Reasons Why This is Different and Better

- 1: Time & Money:** No other coaching or mastermind program provides the level of intensity and involvement throughout the year for a minimal investment of only \$25,000 a year.
- 2: Customization for Every Member:** While other masterminds and coaching programs provide a set of materials and you have to figure out the rest, with The CEO Boardroom Mastermind does that for you in the workshop by assessing your business scorecard, the three-year vision, and how you can get to it one-year.
- 3: Guarantees:** No other firm provides any guarantee of value, This CEO Mastermind Does and puts the value first in your pocket.
- 4: The 15 Day Sprint™:** While other coaching leaves the attainment of success on you, This Mastermind will end with action items on The 15 Day Sprint™ that will be worked on together during the 15 Day period after the mastermind.
- 5: Collaboration:** While other coaching leaves you on your own, you will see Collaboration with the coach and other members that allow you to exponentially scale and learn from other CEOs like yourself.
- 6: Practical Turn-Key Solutions:** At the workshop with the gaps you identify, there are ready turn-key solutions you would be able to walk away with whereas in other masterminds or coaching you would have create the turn-key solutions yourself.
- 7: Pay for Performance:** You can structure an additional pay-for-performance with Bimal to have additional time given to you and your team to get the revenues you want. No other Firm does that.
- 8: Access to Additional Videos and Tools as Needed at no additional cost:** You can get access to additional tools and videos from a library of hundreds of pre-recorded workshop videos and tools as needed based upon the challenges you face.
- 9: Clear Milestones and Measurable Results on Every Line Item:** The 15 Day Sprint allows you to measure the impact of every result you achieved from the Sprint and thus calculate the ROI from the investment from every line item. No other company does that.
- 10: All Homework done in the Mastermind:** While with other programs and masterminds, you would do homework later, with this CEO mastermind, all the homework is done in the mastermind itself and it is just executions later.

Every entrepreneur with big goals should consider hiring Bimal and if I could have **Bimal in my pocket** and carry him around at all times that would be great.”

Mike Barnhill Managing Partner, Specialist ID

“Before, I was working 70-80 hours a week. Now, it is down to 45-55 hours a week. The personal impact of his coaching has **allowed me to spend more time with my family**.
